Protects you from viruses, spyware, malware, spam and phishing attacks

Beware of malware

Viruses can damage your programs, delete files or even reformat your hard disk. Even seemingly benign viruses can cause erratic performance, crashes and even data loss. Aside from viruses, computers are under attack from spyware and other dangerous malware. Spyware can install without your knowledge and be used to swipe your confidential information for credit card fraud and identity theft.

Protect your PC and yourself!

ParetoLogic Anti-Virus PLUS is your complete defence against all forms of infection. Employing premium, proven detection methods and innovative heuristics scanning, ParetoLogic Anti-Virus PLUS provides a powerful protection solution. It finds and removes viruses, spyware, malware and even rootkits, which try to cover the tracks of damaging software. As well, Anti-Virus PLUS is packed with advanced features such as the blocking of drive-by downloads and malicious websites.

Anti-Virus PLUS provides you with superior protection without slowing down your system.

"Thank you VERY much! This is the BEST anti-virus program I have ever used, bar none!"
